

FREMONT COUNTY SHERIFF'S OFFICE
PRESS RELEASE

With milder weather we will be doing projects with the Iowa State Patrol with the intent of seat belt enforcement. During the projects we will be enforcing general traffic enforcement and looking for s impaired drivers. In the year 23-24 we have had a total of six traffic deaths and six serious injury accidents. Fremont County has had a higher percentage of unbelted traffic deaths per capita, of small counties in Iowa.

We will also be looking for distracted drivers. Not just texting or on the phones, but other things that distract, like eating and drinking and not paying attention to the road, to animals in drivers' laps.

Sheriff Kevin Aistrope
