Jim Olmsted with Olmsted & Perry Engineering met with the board to update them on the Hwy 2/I-29 Drainage District Project. Jim talked to the contractor and the inspector and they said that the sand core portion is about 75% complete. They did have a little problem with the geotechnical people, but they did get that all figured out. The construction hasn't started east of the interstate yet but that should not be a problem since it is a small bit of the project. Olmsted mentioned they will have to wait till late spring to do the seeding for the levee. Olmsted said they were having a problem with REA, Atchison Holt electrical, stating that the company will not move any wires without getting paid. Olmsted said they have a solution they will be sharing the underground wiring fees with the Western Electric Company. Olmsted said they got started a month late, but they are making up for it as much as they can. The key factor is to get it done so the construction company is not in the way of the farmers this spring. Blackburn asked about the local contractors and the payment aspect. Blackburn has received calls and complaints about the local contractors working on the project that they are not getting paid. Blackburn asked Olmsted to see what was going on with the payments to the local contractors.

At 8:30 a.m. on Wednesday, January 14, 2026, a Department Head meeting was held in the Fremont County Courthouse Boardroom. Present were Dee Owen, Alise Snyder, Mark Stockstell, Scott Evans, Tarah Berry, Jeff Shearer, Clint Blackburn, and Zach Benedict. Topics discussed: update firewall security, revisiting software issues, upcoming budget meetings, upcoming ISAC Conference, and legislative proposals.

The Fremont County Board of Supervisors met in regular session on Wednesday, January 14, 2026, in the Fremont County Courthouse Boardroom, with Clint Blackburn, Dustin Sheldon and Jeff Shearer present. A quorum was declared, and the meeting officially called to order at 9:00 a.m. Minutes of the previous board session were read and approved. The agenda was approved as posted.

Let the records show that Evyn Perry, Treasurer Alise Snyder, Recorder Tarah Berry, and Attorney Peter Johnson were present for this meeting.

Jack Reed with INCS met with the board to discuss a new law regarding drug and alcohol training. Several law changes regarding drug and alcohol training have been passed, so Reed recommends updating the policy. These law changes primarily pertain to secondary roads and CDL requirements. Reed has sent the training to Secondary Roads for the supervisors to hand out to the right personnel. Reed had an attorney provide the required training for the updated law changes for drug and alcohol for Secondary Roads. This will require making changes in the County handbook. Reed mentioned that with these changes and the other changes we have added in the past, we need to do a new handbook, looking for an effective date on July 1, 2026.

At 9:09a.m., motion by Sheldon to go into closed session pursuant to Iowa Code 20.17(3) to discuss union negotiations. Vote: Blackburn, aye; Sheldon, aye; Shearer, aye. At 9:09 a.m., the board went into closed session. Roll call: Chairman Clint Blackburn, Vice Chairman Dustin Sheldon, Member Jeff Shearer, Jack Reed HR by telephone, Assistant Auditor Cassie Gilbert and Attorney Peter Johnson.

At 9:19 a.m., motion by Blackburn to go out of closed session. Vote: Blackburn, aye; Sheldon, aye; Shearer, aye.

Evyn Perry with Jackson Lewis, PC, met with the board to discuss HR services. Perry gave information about what his law firm handles and a general rundown about everything his firm has handled. Perry says his goal is to help Fremont County with everything they need to get things running smoothly and efficiently. Perry says the dynamic and the relationship with the Unions need to be changed, and he can help with that. Perry says our job and duty is to make Fremont County a safe place to live and affordable, and our job is to make needless spending come to a stop and to have a good relationship with the Union. As a national firm, we do work with counties on rates, and we want this to work well. The reasoning for this relationship not to work won't be due to the cost. Perry stated the whole point of having an effective handbook/rule in place is to make the supervisor accountable for all their employees and hold them to the handbook. Jackson Lewis, PC, is a nationally known name, and when the Union sees it or any other lawyer sees the name, they will recognize we mean business. Perry stated in the long run he wants Jackson Lewis PC to have a good relationship with the Unions, and then in turn the Unions have good relations with the County. Blackburn states we need to be all on the same page with handling the employees the same, handbook and with the Union. Shearer asked how the contract works and if it is month-to-month, year-to-year. Perry mentioned that he would like it to be a sit-down conversation because he doesn't want it to fail because of the cost. Blackburn states that the county needs to do something with our HR services. Sheldon agrees that something needs to be done and decided on, and cost needs to be a factor also. Sheldon mentioned that Jackson Lewis PC could offer a flat rate right at first. Recorder Tarah Berry mentioned she liked Jackson Lewis PC because it is a national firm and it has encountered so many situations. Attorney Peter Johnson said that the Union will get a very strong sense that we mean business and we are going to take this seriously if we go with Jackson Lewis PC. Johnson mentioned that Jackson Lewis PC will work efficiently and effectively because their name is at stake. Blackburn asked what the next step would be. Sheldon mentioned requesting a formal itemized cost breakdown from Jackson Lewis PC and then table the HR Services. Blackburn asked Johnson to check out the contract for our current HR representation. Motion by Sheldon to table the HR Services till next week. The motion carried unanimously.

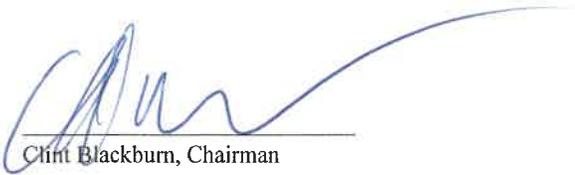

In other business, the Sheriff's Monthly Report for December was approved.

Claims were approved for January 16, 2026.

Motion by Shearer to allow Chairman Blackburn to sign IDOT payment voucher for HGM Associates for engineering services for BRS-CO36(92) - - 60-36 per agreement through December 31, 2025, for \$1,736.67. Motion carried unanimously.

Motion by Sheldon to allow Chairman Blackburn to sign IDOT payment voucher for HGM Associates for engineering services for preliminary design for 310th Street/J-64 per agreement through December 31, 2025, for \$7,545. Motion carried unanimously.

Motion by Sheldon to table payment for Western Contracting for single-phase relocation on Hwy 2/I-29 Drainage District. Motion carried unanimously.

At 9:26 a.m., Attorney Peter Johnson joined the meeting.

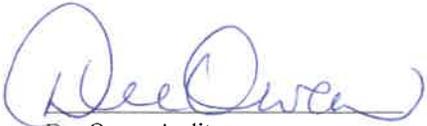

The board discussed HR services. The board asked Attorney Johnson what he found out about the current contract with INCS. He said it is simple, but it does state we need to notify if we don't want to renew. There is nothing in the contract about early termination. Johnson said it is paid quarterly, and the board may be able to contact him to let him know that they are interested in early termination and possibly avoid paying the last quarter. Sheldon questioned whether we could pay him for the last part of the contract if we aren't using his services. He asked if there was any breach of contract liability. Johnson said if they decide to pay him, it is in some respect a settlement for the breach of contract. He said if they pay for it, it is not illegal, but the board would need to explain that they have to have the services they need. He said we have to comply with the contract or leave the contract early. Johnson said the contract is silent on how to terminate early. Sheldon said he believes they need to ethically terminate him to let him know they intend to him the last quarter payment and move on. Sheldon said he doesn't want a gap in services provided. Auditor Owen asked how it affects current active issues. Sheldon said it sounds like we are waiting for a decision on one. Johnson explained that though INCS represents us, the information is owned by the county. Sheldon said he has enough of a grasp on how he wants to move forward. Sheldon asked if it should be a closed session. Johnson said this was contract performance, not employee performance. Sheldon welcomes opinions on Ahlers & Cooney because he was not there when they were in the meeting. Blackburn said he liked Jackson Lewis because they are held to a higher standard, and we would not have to wait for days for a response. Blackburn would like to try to reduce the cost of \$28,000. Motion by Shearer to not renew the existing contract with Jack Reed INCS and to engage in services and union negotiations with Jackson Lewis, PC. Motion carried unanimously.

Motion by Sheldon to enter into negotiations for the early termination of the contract with INCS/Jack Reed. Motion carried unanimously.

Claims were approved for January 23, 2026.

At 10:12 a.m., with no further business, Sheldon motioned to adjourn. The motion carried unanimously.

Shirley said they were originally able to drive trucks on it with no issues. Sheldon asked for clarification regarding whether it is overflowing off of Eaton's property onto Shirley's and the county ROW. Shirley said it was. Blackburn said that he would go back down to get a better look today. Shirley said there is a 3" flow of water 24/7. He said the water was coming out northwest of the little garage there.
